WORLD PRESS STATEMENT

UNVEILING THE DEMOCRATIC LEADERSHIP ALLIANCE DLA

A CALL TO NATIONAL RENEWAL: SECURING NIGERIA'S FUTURE THROUGH IDEOLOGY, INNOVATION AND COURAGE

Fellow Nigerians,

On behalf of the Democratic Leadership Alliance, I address you at a defining moment in our nation's history.

The Democratic Leadership Alliance was founded not as just another political party, but as a movement of purpose, built on a clear ideological foundation—anchored in Pan-Africanism, ethical leadership, scientific advancement, and people-centered governance. Our emergence is a response to the urgent need to rescue Nigeria from systemic failure, economic stagnation, and insecurity.

Nigeria must rise again, and it will.

OUR VISION FOR NIGERIA

We envision a Nigeria driven by science, technology, and industrialization, a nation where innovation fuels economic growth, where institutions work, and where leadership is accountable to the people.

Our economic policy is clear:

- * Transition from a consumption-based economy to a production and innovation-driven economy
- * Promote industrialization and local manufacturing
- * Invest heavily in technology, research, and youth-driven enterprise

- * Build a sustainable system that empowers Nigerians to create wealth and opportunity

PROTECTING FARMERS, SECURING THE NATION

The security of lives and property remains non-negotiable. The continuous destruction of farmlands and displacement of farming communities across the country is unacceptable.

The Democratic Leadership Alliance therefore takes a firm and unapologetic position:

- * There must be an immediate legislative and policy framework to end the destruction of farmlands.
- * There must be effective regulation of movement of cattle across Nigeria.
- * Cattle owners must operate within designated and regulated ranching systems, taking full responsibility for their business operations.

This is not just about security, it is about food sovereignty, economic stability, and national survival.

We must protect our farmers, secure our communities, and restore confidence in agriculture as a viable and profitable venture. Young Nigerians must be encouraged and empowered to embrace agricultural entrepreneurship, supported by modern technology and structured systems.

A MOVEMENT FOR ALL NIGERIANS

We call on all well-meaning Nigerians to rise and be part of this historic movement. The Democratic Leadership Alliance stands today as the first and only ideologically grounded political party in Nigeria, committed to long-term transformation, not short-term political gains.

Nigeria is not a captured state, and it will never be.

No matter the challenges, no matter the resistance, we remain resolute. History teaches us that no night is so dark that it can stop the coming of the day.

OUR COLLECTIVE RESPONSIBILITY

The responsibility to rebuild Nigeria does not lie with a few—it lies with all of us.

The Democratic Leadership Alliance DLA is open to all well-meaning Nigerians seeking an ideological platform on which to pursue their vision and political aspiration. As a Political Party we welcome as members Statesmen and Patriots whose faith in the Green White Green is unalterable. We urge you to Register and Join us in the great drive to berth a New Day, a New Dawn and a New Republic for the masses of our people.

As a Political Party, and a clear-headed ideological platform, we urge Nigerians to come along with us as we ORGANIZE rather AGONIZE, and make no mistakes **WE ARE COMMITTED TO BIRTHING A NATION THAT WORKS FOR ALL.**

To those desirous to travel this path of National Redemption with us as a Party Member, a Party Executive, or an Aspirant/Candidate we urge that you acquaint yourself with the Vision, the Policy Drive and the Ideology of our Great Party by following and studying the trust of DLA as expressed on our highly interactive website www.dlanigeria.org. You are also advised to register online with DLA the Party with the solution to Nigeria's leadership deficit.

We must reject:

- * Corruption
- * Political opportunism
- * Ethnic and religious division

And embrace:

- * Unity
- * Discipline
- * Innovation
- * Purpose-driven leadership

CONCLUSION

The time has come to rewrite the story of our nation.

The time has come to build a Nigeria that works—for everyone.

Together, through courage, sacrifice, and unwavering commitment, we can secure our future.

Join us.

Stand with us.

Build with us.

Nigeria will rise again.

Signed
